**S. F. Finding Favors
Drowning As Cause
Of Writer's Death**

With a dispute arising among physicians as to exact cause of the death of Junius Cravens, art critic whose beaten corpse was found on the sands at Salada Beach, Coroner William Crosby today ordered a third autopsy performed on the San Francisco body, which is being held at the mortuary of Halsted and Company in San Francisco.

FINDS NO FRACTURES
With Dr. Leland reporting that there were no fractures of any kind on the body, a drowning theory took precedence over the others that had held sway, and led to talk of a dismembering of the body.

SHERIFF SATISFIED

Sheriff James J. McGrath, who has clung to the accident theory in the death, declared that he too, by personal examination, had satisfied himself that Cravens had died of a broken neck.

"I am no doctor, but I could tell from the way his head flopped around that Cravens had suffered a broken neck," the official asserted.

HALF MOON BAY, July 8.—Through radio and newspapers, advantages of San Mateo county's coastline will be extolled far and wide, under plans put underway today by the Western San Mateo County Progressive Association, new organization with 112 members.

Besides the advertising, a series of events will be held in the bay here. The first is expected to be staged in September. It will be a yacht and motorboat regatta, with Capt. Gus Dorn, San Francisco's "Sea Dog," in charge. Eight moorings at Princeton are planned, and events will be arranged for all classes of boats.

In order to make the ocean safe for swimming, three floats with life lines will be installed at El Granada, Miramar and Princeton. In the advertising, the slogan "Where the Foothills Meet the Sea" will be featured, according to R. N. Clark, executive secretary of the organization.

**Hinman Sitting Up,
Recovery in Sight**

County Clerk E. B. Hinman, who has been at Dante Sanatorium for nearly two months, having undergone two operations, is reported as now able to sit up. He is expected to be transferred within a week to the Veterans' Home at Yountville to convalesce before returning to his home here.

**City to Speed

Annexations**

**Friendly Acres Tract
Also to Become
Part of City**

Test in the District Court of Appeals of the validity of the \$266,000 harbor bonds authorized by vote of the citizens of Redwood City June 11 will be necessary, the city council was informed Monday night.

The council authorized the court test, and at the same time instructed City Attorney Albert Mansfield to take steps to annex territories to Redwood City which will be directly benefited by the harbor development.

The court test, similar to proceedings taken in the supreme court on the \$425,000 1915 act re-financing bonds voted in September, 1925, is necessary, Mansfield was informed by Orrick, Palmer & Dahlquist, San Francisco bond authorities, because of the overlapping of the city and county harbor districts.

The bonding authorities prepared the election preliminaries, and the court test now proposed came as a surprise to the council.

Attorney General U. S. Webb has already ruled on the city's legal powers to develop and operate the port facilities, and the court test is expected to be a mere formality to remove any doubt of the legality of the issue.

Mansfield said that the court test, which need not go to the supreme court, will take about 30 days, instead of the nearly one year's time consumed on the 1915 bond proceedings. Decision in the 1915 bond case is expected shortly.

ACT TO BE AMENDED

The act under which the county harbor district was formed will probably be amended when the legislature meets in January, 1937, so that Redwood City's port area may be excluded, Mansfield said.

The county harbor district is not functioning at present, as the project proposed by that authority was the same one now being developed by Redwood City. Commissioners Percy Shaw and S. A. Keyton will probably not seek reelection this fall, it has been indicated. Henry Beegeer of Redwood City is a carry-over commissioner.

In order to pave way for the court test, the council, upon motion of Councilman James Eva, seconded by Councilman Louis Christensen, authorized the issuance of the bonds. This does not mean sale of the bonds, which will not be offered until annexation and other legal problems have been worked out by the city attorney.

The bonds would be issued in two series, \$200,000 in "A" series, and \$66,000 in "B" series. The latter amount, however, will not be issued if the city's PWA grant is secured.

FRIENDLY ACRES IN BID

In addition to harbor lands which the city intends to annex, the Friendly Acres tract south of Redwood City has requested the right to join Redwood City, Acting City Manager Charles L. Dimmitt informed the council.

Mayor Paul McCarthy urged the council members to complete their recommendations to Acting City Manager Dimmitt for appointees to the city harbor commission so that the harbor board can immediately begin to function.

**Supervisors
Pay Increase
Going to Vote**

**North-End Supervisor
Sees Other Changes
More Necessary**

At least one amendment to the San Mateo county charter will be on the election ballot for approval or rejection of voters in November as the result of action taken by the board of supervisors Monday.

Assuring the citizens their first opportunity to vote on a measure to change provisions of the charter, which has now been in effect nearly four years, the board approved recommendation of the grand jury that a proposal be put on the ballot to increase salaries of supervisors from \$150 to \$250 monthly.

Approval by the board came on motion of Supervisor Fred Beer and second of Supervisor John Poole after Supervisor Albert Witt Jr. tried vainly to have a general study made of the charter with a view to submitting other amendments at the same time.

Although Witt's proposal was lost for lack of a second, the Daily City representative indicated he would, before the time elapses to propose other amendments, suggest several more propositions. Amendments must be placed on the ballot by the board at least 35 days before election.

NOT AFFECT THESE

In submitting his motion, Beer pointed out that if the salary raises are voted, they will not affect the board of supervisors going into the office at the same time, under charter provisions.

"The raises would only be effective in years hence," Beer explained. "With this idea in mind, I think we should approve the recommendation of the grand jury. We thus can't be accused of trying to get something for ourselves."

The supervisor stated he believed that other counties already pay higher stipends to supervisors than does this county, which, in adopting the charter, cut supervisor salaries from \$175 to \$150 monthly.

**July 15 Last Date
For Farm Filings**

Announcement that July 15 will be the final date on which California farmers may file work sheets for the 1936 Agricultural Conservation Program, and that there will be no extension of time after that date, has been made by the California State Agricultural Conservation Committee, the AAA regional office at Berkeley reported today.

The state committee urges farmers to file work sheets in order to be eligible to participate in the 1936 program and to apply for a soil conservation grant.

Work sheets and assistance in filling them out may be obtained from county or community committees, or in Room 201 Post-office Building, San Jose.

FREED OF DRIVING CHARGE

SAN MATEO, July 8.—F. A. Smith, San Jose, was found not guilty of a reckless driving charge today in the court of Hugh Mullin, justice of the peace. Charges against Smith were brought by Mrs. Otoll Francone and her daughter, Katherine, who were injured in a crash on the Canada road April 19.

**'Single Tax'
Fight Mapped**

**Witte Is Chairman,
Scott Manager
Of Move**

Formation of the Anti-Single Tax Association of San Mateo County to meet the challenge of the "single tax" was effected today, and county-wide headquarters will be established in Redwood City for an active campaign, Winfield Scott, campaign manager, announced.

Henry Witte of Redwood City, active in the campaign for several months following his appointment by the California Association Against Single Tax, was selected as chairman.

Other officers on the advisory council include Scott, secretary; John W. Coleberd, South San Francisco attorney; Mrs. John Garland, Menlo Park, parent-teacher leader; Henry C. Hall, San Bruno school superintendent; Col. Charles N. Kirkbride, San Mateo attorney; Sam Merk, former Burlingame publisher, directors.

EXECUTIVE COUNCIL

An executive council consisting of Witte, president; Scott, manager; Merk, treasurer, and Hall, secretary, was also organized.

The "single tax" proposal will appear on the November 3 election ballot as an act to repeal the sales tax. The "single tax" has been defeated at seven elections in California.

Opponents of the plan declare the "single tax" is based "on the now thoroughly discredited theory that land should carry the entire burden of cost of government," according to Scott.

TAX INCREASE SEEN

An average tax rate per \$100 increase from \$3.03 to \$10.43 is pre-

**Drowning Victim Paid
Farewell Tribute
By Friends**

Friends Robert A. ("Bob") Phelan had made in the six months he had sold cars for the Redwood City Motors Company at 2406 El Camino Real paid him a last farewell on Monday when funeral services were held from Anderson's parlors in San Francisco. A requiem mass was celebrated at Holy Redeemer Church immediately afterwards, following which the body of the drowning victim was interred at Holy Cross Cemetery.

Phelan, who lived in San Francisco with his mother, Annie E. Phelan, was the season's first victim of the Russian river. He sank from sight Friday while swimming with a friend, and when his body was recovered, resuscitation efforts were in vain.

Besides his mother, young Phelan is survived by a brother, Joseph, and two sisters, Della Phelan and Mrs. Dewey Puryear. He was a native of Texas.

SEEK POLICE QUARTERS

SAN MATEO, July 8.—Police Chief Thomas Burke today asked City Manager E. P. Wilsey for a new police headquarters, declaring that the present offices and jail are overcrowded. Burke submitted his report now so that it might be considered in the new budget which is soon to be drawn.

**M. P. Brings Debt
Payments to Date**

MENLO PARK, July 8.—By authorizing payment of \$23,255.60 in a special meeting of the council this week, the City of Menlo Park cleared all its street improvement bond delinquencies and brought its payments on interest and retirement of serial bonds up to date.

Of the sum voted, \$8,255.60 represents street improvement taxes and street assessments, in addition \$5000 was transferred from the general fund to wipe out the deficiency.

dicted for San Mateo county by opponents of the plan if the "single tax" is adopted.

This belief is based upon the prospect that the adoption of the "single tax" would abolish the sales tax, liquor taxes, and probably the truck tax and gas tax, placing the whole burden on real estate, according to Scott.

In addition, it is asserted, the plan reduces personal property taxes and taxes on improvements one-fifth each year until, at the end of five years, they are entirely abolished, and their burden again placed on land.

**First July Rainfall in 12 Years
Recorded in Freak Storm Here**

Freak weather which saw the thermometer rise to 90 degrees on Monday resulted Wednesday in the temperature dropping to 64 and in the second July rain of the month.

While only a few drops of rain fell here on Monday, a noticeable fall came today, starting at 10:45 a.m. Although not enough had been received at 2 p.m. to be measured at the weather bureau at firehouse No. 2, sidewalks and streets were made slippery by the downpour from the overcast skies.

It was the first July rain in at least 12 years in Redwood City. Records kept by City Park Superintendent George Hopkins since the 1924-25 season fail to show that any rain has ever fallen during July. Only on two occasions—in 1925 and 1930—has rain fallen in August. In 1925 a tenth of an inch was recorded during August, while in 1930, .08 inch fell.

Other districts also have had rain during the past few days. The Sunday holiday at Santa Cruz was ruined for thousands of visitors when rain poured down in the afternoon, according to local people who spent the day at the beach resort. San Jose also was hit by rain over the week-end, while a freak electrical storm killed several cattle two days ago in other parts of the state.

JUDGE COTTON WINS PRAISE FOR KINDLY, EFFICIENT WORK

Superior Judge Aylett R. Cotton, whose name appears on the August Primary ballot for re-election to Department No. 2, is being hailed throughout legal circles of the State as the friend of young attorneys making their first legal efforts.

Highly important legal matters are disposed of by this magistrate in an efficient, expeditious and fair manner, but, Superior Judge Cotton, nevertheless, finds time to be tolerant with young lawyers.

Superior Judge Cotton, it is cited by those in the legal profession, has been known to bring out in these young attorneys through his tolerant attitude latent qualities which have served to insure their success as lawyers.

This tolerance on the part of Superior Judge Cotton is not confined to youthful lawyers that come into his court, however.

He has always shown consideration to litigants, who, finding themselves face to face with the awesome, puzzling procedure and formality of the law, fall upon the court's guidance for a better understanding of their respective cases.

In this manner, Superior Judge Cotton is enabled to bring about a spirit of cooperation between litigant and lawyer, the machinery of the law is allowed to proceed smoothly and a quick but fair judgment rendered.

Since he has occupied the bench, Superior Judge Cotton has applied himself to a court calendar which he inherited from his predecessors cluttered with cases of long standing. Such cases were not end of worry because of such delay to the litigants involved.

With an eye to clearing up such aged litigation, Superior Judge Cotton has delved into the background of each case, taken reasonable time for full consideration of its merits and then rendered judgment thus bringing up to date his present court calendar.

As Magistrate of the San Mateo County Juvenile Court, Superior Judge Cotton has established an enviable reputation for disposing of the cases of juvenile delinquents in a most commendable manner. His reputation in this department is state-wide.

Away from the searching eyes and ears of a curious public, Superior Judge Cotton hears the juvenile cases in a special chamber at the Juvenile Home.

His methods of handling these cases brought before his court have been endorsed by university experts as an outstanding example of constructive juvenile rehabilitation.

Judge Cotton is assisted in his work by Parent-Teacher Associations, Service Clubs and other organizations interested in youth welfare which the judge declares offer him invaluable help in continuing the work his court has established.

His leniency with youth and the constructive measures he takes in curbing their wrong-doing has resulted in his receiving scores of letters from appreciative parents and guardians who express thankfulness for his just treatment of their respective cases.

This outstanding record of achievement as a Jurist of San Mateo County, say his supporters, has been recognized by members of the legal profession, litigants who have appeared in his court and the citizenry of the peninsula and will result in his return to office by an overwhelming vote.

JUDGE COTTON IS ENDORSED BY MEMBERS OF THE SAN MATEO COUNTY BAR ASSOCIATION

Prominent Civic Groups and Citizens Throughout San Mateo County.

MENLO PARK NEWS

Miss Louise Clarke and Mr. Fred Baudermann recently were united in marriage at Monterey in the Old Mission Church, San Carlos, the ceremony being performed by the pastor, Rev. Father Gay.

It was in this church that Father Junipero Serra celebrated mass and preached while living in Monterey and before going to Carmel, where he founded a mission. His remains are buried under the altar of Carmel church, which he built.

Mr. Baudermann was in business here until a short time ago, but is now conducting a store at Burlingame, where the couple will reside on their return from the honeymoon. Mrs. Baudermann is a charming young woman who taught in the Ravenswood School for several years and has a host of friends on the peninsula.

June 28 the Menlo Park Italian Family Club enjoyed its annual picnic at Big Oaks Park on the Portola road. It was a pleasant occasion, the members of the club and friends enjoying the day's program of dancing, races and games. Over 500 persons were present.

The San Jose Democrats have organized to defeat the present congressman, J. J. McGrath, and have formed a "Speciale for Congress Club." Orvis Speciale, a San Jose attorney, is opposing McGrath on the Democratic ticket. Menlo Park's representatives in the club is Owen D. Richardson, the attorney.

Mr. and Mrs. George Angus have purchased a new automobile. They are planning to make a motor trip to Idaho and the Yellowstone Park.

Mrs. Fred Palletti has returned from a vacation spent at La Honda with friends. Among the Menlo Park people

attending the Veterans of Foreign Wars picnic at Memorial Park June 28 were W. H. Weeden; his daughter, Isabelle Weeden Lindquist, and her children; Mr. and Mrs. Charles Palmer and family; the Paul Lanferry family, John Morey, Frank Maloney and the James Gleason family.

Mrs. Carroll A. Devoil has returned from a visit with relatives in New York and Washington, D. C.

Frank Merrill, son of Mr. and Mrs. Charles H. Merrill, is attending the first aid and aquatic school conducted by the American Red Cross on the Russian river. He is sent by the Menlo Park branch of the Red Cross, which is represented by one student each year at the school.

Miss Lois Williams entertained members of the Christian Endeavor Society of the Menlo Park Presbyterian Church at the home of her parents, Mr. and Mrs. C. D. Williams, 515 Jackson avenue, Redwood City, where the members enjoyed their monthly business meeting and social.

Games and refreshments followed the business session. Present were Mr. Bob Cooke of Menlo Park, president; Miss Elita MacDonald of Redwood City, vice president; Misses Jeanny Hetsel, Barbara Shepherd, Eleanor Lightbody and Dorothy Shepherd, Mrs. Marianne Jordan, Messrs. Paul Bearce, Walter Jordan and Carl Gerick, all of Menlo Park, and Mr. C. J. Taylor, Mr. and Mrs. C. D. Williams and Miss Lois Williams of Redwood City. Almost all those present had attended sessions of the state Christian Endeavor convention in San Jose.

After a two weeks' honeymoon at Lake Tahoe and Echo Lake, Mr. and Mrs. Walter S. Arends are at home to their friends at their new home, 1055 Crane street, Menlo Park. Mrs. Arends was Miss Emilia Montroul, daughter of Mr. and Mrs. P. W. Montroul of Palo Alto. Mr. Arends' parents, Mr. and Mrs. A. Arends, live in Atherton.

Mr. and Mrs. John Morey Jr. (Edna Walker) have returned from their wedding trip and are establishing their home at 837 Partridge avenue, Menlo Park.

Mr. and Mrs. Evans Williams of Atherton, who are spending the summer at guests over the holiday week-end Mr. and Mrs. Edward Crimmins, son and daughter-in-law of Mrs. Williams. Mrs. Williams' other son and daughter-in-law, Mr. and Mrs. Lalor Crimmins, are also at the lake for a fortnight.

Members of the Menlo Circus Club and their guests gathered early Saturday for the swimming races, law events, exhibition dives and other activities arranged for the Glorious Fourth. Most of the cabanas around the pool were occupied by 7 o'clock when the barbecue supper was served by Spanish chefs.

Chief Thomas Cuff of the Menlo Park fire district left Monday for Toronto, Canada, where he will attend the International Association of Fire Chiefs convention.

During his trip Chief Cuff will inspect middle-western and eastern fire departments and will be present during the meeting of the Board of Fire Underwriters at Chicago.

P. J. O'Loughlin, the local shoe dealer, leaves tomorrow for Cleveland, Ohio, to attend the Townsends convention. He will be gone for two weeks.

Miss Carmel O'Keefe and Miss Mary Roach have returned from Reno where they spent the holidays with their uncle and aunt, Mr. and Mrs. J. B. Lynch, superintendent of the grounds of the University of Nevada.

New Relief Chief Hugh Pomeroy's Kin

Harold Pomeroy, new state relief administrator, is a younger brother of Hugh Pomeroy of Palo Alto, advisor to planning commissions in San Mateo, Santa Clara, Marin, Santa Cruz and Kern counties.

The new administrator, who succeeds Charles I. Schotland, resigned, was formerly mayor of Southgate, near Los Angeles; one-time field secretary for the California League of Municipalities, and one-time relief administrator for the City of Los Angeles. His new job pays \$6,000 a year. He holds office at the pleasure of the governor, who appointed him Tuesday. The appointment will become effective probably next Monday.

Local Trucker Held After S. M. Accident

SAN MATEO, July 8.—Elmer Owings, Redwood City truck driver, is to appear Friday before Municipal Judge A. H. Stetson, as the result of an alleged wild ride, taken by his dump truck yesterday—a ride which disrupted service of the Western Union and Southern Pacific telephone lines here for more than eight hours.

Owings' truck, officers said, struck a pole at Beresford and tore down all lines of communication. Trouble shooting crews were unable to find exact cause of the service disruption until 8 o'clock, although the accident had happened shortly before 2 a.m.

Freight service was held up as the Southern Pacific was unable to get through messages on its dispatch line. A half dozen wires of the telegraph company were broken and crossed.

STETSON BACK ON JOB

SAN MATEO, July 8.—Municipal Judge Arthur H. Stetson was back at his job this morning after being confined at the Veterans hospital, Fort Miley, for two weeks because of illness. Hugh Mullin, local justice of the peace, filled in during Stetson's absence.

Owings was arrested after the accident on a charge of being intoxicated.

INCENDIARISM SEEN IN TWO COUNTY FIRES

Emerald Lake District Homes Are Periled By Grass Blaze

Belief that a firebug was responsible for two of three fires extinguished by the county fire department Monday was expressed by deputy wardens.

Although the blazes did no material damage, one of them required a sharp two-hour struggle before it could be completely put out. It was on Whipple road near the H. T. Frost place, and threatened for a time to reach the Cordillera creek district along which are numerous summer homes.

First call from the area came at 1:30 p.m. Not until about two acres of grass were blackened, was Deputy Warden Ernest Werder able to extinguish the blaze.

But at 2:45, after Werder and three others deputies had taken two trucks to another fire near Half Moon Bay, a second alarm was sent in from the same Whipple road district.

This time Deputy Walter Smith answered the summons, finding brush and grass adjacent to the place where Werder had previously extinguished the fire, in flames. With aid of Deputy William W. Smith and a half dozen volunteers brought the flames under control shortly after 4:30 o'clock. Smith's heavy truck became stuck once in sandy soil and it was while precious minutes were taken to get the vehicle moving that the fire nearly raced into the creek district, Smith said.

Reason that firebugs were suspected in the Whipple road fire, Smith said, was that an abandoned automobile body in the center of the flaming area appeared to be burning fiercely, as if it had been saturated with gasoline or oil and then set afire.

In the roadside fire, some five acres of grass and stubble and an unoccupied shack were destroyed before the blaze could be controlled. The scene was about two and a half miles south of Half Moon Bay. The alarm had come in at 2:40 p.m., the trucks making the run to the coast in about a half hour.

California Pacific Now 50 Years Old

The California Pacific Title & Trust Company, which has an office in Redwood City, is celebrating its 50th anniversary. T. J. Hallinan, manager of the local office, announced today.

The firm, the first in California to issue policies of title insurance, was founded in San Francisco in 1886. Its vaults, in the Kohl building, escaped destruction in the fire of 1906.

The Redwood City office was opened May 1, 1923.

COWELL MERE NUMBER NOW IN 'BIG HOUSE'

Nieri Takes Musician To Quentin Prison For 1 to 15 Years

Once the toast of two continents, Henry Dixon Cowell, famed modern composer and musician, on Wednesday became only another number in California's "big house"—San Quentin prison.

Following a last visit in the county jail from his father and step-mother, Mr. and Mrs. Harry Cowell of San Francisco, the 39-year-old former Menlo Park resident was whisked away to the prison by Undersheriff Lawrence Nieri. The pair arrived there shortly after noon, and as cameras clicked, the big iron gates where criminals bid a last goodbye to the outside world clanged shut on the once respected and noted man whom many have termed a genius.

Sentenced to prison, in accordance with state law, for a 1- to 15-year term, Cowell probably will actually serve about three years if his behavior is satisfactory to prison officials. It was estimated by Probation Officer Francis Robinson, who signed the complaint against Cowell and arrested him May 22 on the morals charge involving improper relations with a 17-year-old boy.

Bay Highway Unit Will Get New Top Coat

Bids Open July 29th In Highway Offices For 7-Mile Link

Resulting in an estimated expenditure of \$45,000, a new surface is to be placed on the Bayshore highway between Redwood City and San Mateo.

This was disclosed today as the California Division of Highways called for bids to be received in

Sacramento July 29 for the project.

The surface, which will probably be an inch or so thick, in the opinion of County Engineer U. S. Marshall, will be of a bituminous mixed material, according to specifications for the job.

It is believed the surface has been decided upon to make the highway smoother. Because of the fact the road is built over the mudflats of the bay, the road has become somewhat rough where the foundation has shifted, it is stated.

To be used on the 7.3-mile stretch of four-lane highway are 13,950 tons of rock and sand, 1,165 tons of asphalt, and 5,000 cubic yards of fill, according to specifications.

Work will be started on the project, it is expected, within a month after contracts are awarded when the bids are opened in the state capital.

60 Eucalyptus Trees Doomed on Peninsula

Sixty eucalyptus trees in two sections of San Mateo county were doomed today as sentiment gave way to industrial progress.

Under direction of County Engineer U. S. Marshall, 56 trees ranging in diameter from 18 to 24 inches and which have stood for many years on Magnolia avenue in Millbrae, were being chopped down. Their roots have been damaging sewers in the district.

In Belmont, removal of four trees more than a half century old has been authorized.

Ruby Keeler must wear shoes two sizes larger than she ordinarily wears after doing a strenuous dance routine.

Railroad Soon To Define Uses Of Depot Land

General Manager Here To Look Over Lands Opposite Depot

Declaration of a policy regarding future intended uses of the large downtown holding of the Southern Pacific opposite the depot is in prospect within two weeks, A. T. Mercier, general manager of the Southern Pacific, promised today.

Mercier, accompanied by City Councilman Evans Fletcher, went over the Southern Pacific property to get first hand information on its physical layout for discussion during the next two weeks of the problem with the various departments through which it must pass.

Included in the consideration is the removal of the freight shed from the north of Broadway location to another point to avoid the switching hazards at the Broadway crossing.

DEPOT MUST WAIT
Mercier said that present plans of the company do not contemplate a new depot for Redwood City, but he did indicate that future development of the acreage may call for the station to be located on the west side of the tracks.

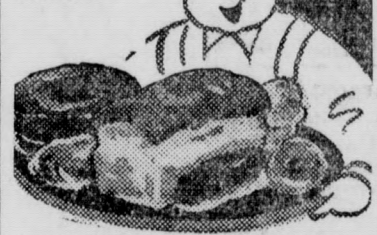

Fletcher pointed out to Mercier the desire of Redwood City to have James street extended into the depot property so that access to the station without crossing Broadway may be had. Mercier

seemed impressed with this request.
Construction of a walk and foot-bridge or culvert crossing over the creek running through the property will be necessary if this is done.

BEAUTIFICATION DESIRED
Possible early extension of streets through the railroad property and opening up of this acreage to commercial expansion may be one result of Mercier's visit. He expressed an interest in surrounding business structures.
Council efforts to have the company declare its policy in regard to the property are based on the desire to have the acreage parked because of its importance as one of the city's "front yards."

FACES FALSE ALARM CHARGE
Facing charges of turning in a false fire alarm, Oscar Tesconi, 19-year-old Daly City laborer, was being held in the county jail today in lieu of \$250 cash bail. He was arrested by police in the north end city.

Setback Change To Bring Station At Five Points

Construction of a \$10,000 service station at the corner of El Camino Real and Main street is planned at once by the Shell Oil Company, H. C. Goldstone of the operations department and Larry Hausman, local manager, informed the city council Monday night.

The station, of steel and glass, will replace the present Shell depot, razing of which has been deferred because of uncertainties over setback lines.

Additional property has been acquired by Shell for enlarging the station area. Construction will be pushed just as quickly as city authority can be secured, Goldstone and Hausman said.

SETBACK HEARING SET
The council set public hearing on the Main street setback line changes for July 20. The proposal calls for the removal of the 10-foot setback line on the westerly line and the increasing of the setback from 10 to 14 feet on the easterly side between Maple street and El Camino Real.

Councilman Evans Fletcher informed the board that Bernard Perry, son of the late J. B. Perry, has agreed to raze an old residence adjoining the Shell station location in order to beautify that corner.

First Meeting Held In New Firehouse

BELMONT, July 8—A year ago today the first shovelful of earth was turned to mark start of construction of the new firehouse here.

Last night the Belmont Fire Department held its first meeting in the new structure. Clarence Johnson, president, presided.

The \$12,600 building is one of the finest firehouses on the peninsula. Official dedication is set for some time in August. Changes in WPA setups prevented finish of construction sooner. When the building is furnished, which will be in the near future, three firemen will live in the structure.

At last night's meeting plans were made to complete furnishing the building, and the September

FERRELL ASKS 2 MORE AIDES FOR BUREAU

Public Administrator
Work Taxes Office,
Board Is Told

Assumption by his office of duties of counsel for the public administrator has so increased the work of the district attorney that a \$225-a-month deputy and a \$115-a-month stenographer are needed to handle the business, Dist. Atty. Gilbert Ferrell told the board of supervisors on Monday in proposing an ordinance creating the positions.

Although the board revealed that in private session it had tentatively approved the request, at the insistence of Board Chairman Manuel Francis, a vote on the ordinance was delayed for a week. Supervisors Albert Witt and Walter High withdrawing a motion for immediate approval.

In demanding the delay, Francis indicated that the board had agreed to allow the deputy, but not the stenographer.

Earlier the board, in adopting a salary budget, had refused to create a new deputyship, killing the proposal overnight during the budget hearings.

This, Supervisor Albert Witt asserted today, was due to "some inadvertence—probably a clerical error."

Ferrell's office assumed the public administrator counsel duties, formerly handled by Atty. Joseph J. Bullock, on April 15 after a supreme court decision ruled legal a charter provision putting the work on the district attorney.

In indicating that the creation of the positions would meet approval next Monday, board members pointed out that the positions "will be self-sustaining."

Since assumption of the work, Assistant Attorney Daniel Sullivan said, numerous cases have been handled which have not returned any fees to the county, but now a \$15,000 case has come in which will return about \$1000 in fees, both Administrator William Crosby's and the counsel fees going into the county coffers, under the charter.

In disallowing the district attorney's previous request for an aide, the supervisors increased salaries of the two assistants by \$50 a month, and also have said they would put \$2500 in the attorney's coming budget for investigators, whereas only \$1500 was allowed for this work last year.

STOLEN CAR RECOVERED

Stolen from in front of a residence on Sunday, the coupe of James Wood, Tribune Circulation Manager, was recovered by police a few hours later on Fulton street, about three blocks from the place where it was taken. The machine, which had been run about 60 miles, was undamaged.

AIRCRAFT FIRM TAKES 10-YEAR AIRPORT LEASE

\$125 Monthly Rental
And Option to Buy
Are Agreed Upon

The lease taken by the Stearman-Hammond Corporation on 10 acres adjacent to Mills Field, where airplanes will be manufactured, is for 10 years, and will be at \$125 a month, it was revealed today when the document was filed with Recorder T. Clark Rice.

Under terms of the lease, issued by the South San Francisco Land and Improvement Company, owners, improvements up to \$7,500 placed on the land during the first five years will be credited to the rent, making the land, in effect, rent free for that period of time, providing the buildings are constructed.

Contained in the lease is an option to buy 20 acres adjoining the property. Price would be \$2,000 an acre.

The lease was signed by Lloyd Stearman, president of the aircraft company, and P. J. Shaw, president of the land company.

To be manufactured at the aircraft plant, the first large one to be established in the bay area, are the Hammond Y-1 "fool proof" planes. Eight a month will be the capacity of the plant for the first year, after which, production is expected to be stepped up to 15 planes monthly.

Also on file in Recorder Rice's office was a deed transferring property on Ellsworth avenue, San Mateo, from the Anglo-California National Bank to Beulah F. Heaton. Price paid was \$30,500.

Ann Nagel of the celluloid dramas was born and reared in Boston, but she swears she never has tasted baked beans.

Henry D. Cowell Given Sentence To San Quentin

Denied the mercy of probation
which he had asked when he
pleaded guilty two weeks ago to
moral charges on which he had
been arrested May 22, Henry Dix-
on Cowell, 39-year-old interna-
tionally-famed musician, was sen-
tenced to San Quentin prison by Su-
perior Judge Maxwell McNutt on
Monday.

Brought into court at 1:30 p.m.
from the jail cell which had been
his abode for the past six weeks,
the mild-mannered modern com-
poser heard sentence pronounced
without showing any emotion. Sev-
eral women, however, wept openly
when they heard Judge McNutt
sentence the musician.

Under state law, Cowell must
serve from 1 to 15 years. Exact
length of his term will be fixed
by the board of prison terms and

DEATH TAKES GRUNWALD, 51, EX-RESIDENT

Inventor of Magnesia
Process Stricken
At Alameda

Funeral services were held in
Oakland Monday for Bertrand B.
Grunwald, 51, noted inventor and
engineer, who superintended con-
struction of the National Mag-
nesia Manufacturing Company here
in 1914. The plant now is owned
by the Johns-Manville Products
Company. Two years earlier, in

1912, Grunwald, who patented the
process for manufacturing mag-
nesia, built some experimental
buildings on the present plant
site.

Mr. Grunwald died Saturday at
his home, 1600 San Jose avenue,
Alameda, after a week's illness.

His widow, the former Dorothy
Holbrook, and three sons, William,
16; Gerard, 12, and Thompson, 8,
survive. Miss Holbrook taught in
the kindergarten in the Redwood
City schools before her marriage
to Mr. Grunwald. They made their
home at the Hotel Sequoia on its
opening.

Mr. Grunwald was a brother of
Mrs. Rose Kaufman.

Taxable Value Of County Set at \$93,642,500

Flynn Wins Approval Of Assessment Roll About Same As '35

Despite loss of approximately a million dollars worth of automobiles from county tax rolls, San Mateo county valuation for 1936 without utilities totals \$93,642,500, about the same as last year.

This was the report of Assessor Daniel Flynn to the board of supervisors on Monday, as he asked, and was granted, adoption of the assessment roll.

The amount is based on a 50 per cent actual value of property, Flynn said. To the total will be added approximately \$11,000,000 in utility property, Flynn said. Exact amount is to be determined by the state board of equalization. Last year it was \$10,858,505. However, if attempts of utilities to have the assessments reduced are successful, the amount may be smaller.

Besides loss in revenue from automobile taxes, which are now collected by the state, the county lost taxes on \$40,000 worth of pipe line no longer used by the San Francisco Water Company; \$38,000 worth of property bought by the San Mateo school district; considerable sub-division property taken over by the state, and stocks and bonds, which now are assessed by the state through income taxes.

Of the automobile taxes, however, 25 per cent reverts to the cities and 15 per cent to the counties, to aid in cutting the tax rates. Principle gain in assessment rolls has been from new buildings, more than \$1,000,000 worth being constructed during the year, Flynn said.

Valuations without utilities in the 13 incorporated cities this year are: San Mateo, \$12,384,525; Hillsborough, \$11,071,390; Burlingame, \$10,963,170; Redwood City, \$6,318,425; South San Francisco, \$4,799,305; Atherton, \$4,595,840; Daly City, \$3,614,600; San Bruno, \$2,310,700; San Carlos, \$1,842,930; Menlo Park, \$1,668,055; Belmont, \$979,065; Law-

CHILDREN HURT IN CRASH

BURLINGAME, July 8.—A car driven by Roland Fitch, 428 Midway, San Mateo, left El Camino Real here and crashed into a fence, causing injury to the driver's two children, Charles, 4, and Marion, 6, were treated at Mills Memorial Hospital for lacerations. Fitch's wife, Catherine, escaped injury.

Valuations without utilities in the 13 incorporated cities this year are: San Mateo, \$12,384,525; Hillsborough, \$11,071,390; Burlingame, \$10,963,170; Redwood City, \$6,318,425; South San Francisco, \$4,799,305; Atherton, \$4,595,840; Daly City, \$3,614,600; San Bruno, \$2,310,700; San Carlos, \$1,842,930; Menlo Park, \$1,668,055; Belmont, \$979,065; Law-

dale, \$614,030; Bayshore City, \$300,595. Total valuation within the cities thus is \$61,462,630. Township valuations, outside cities, are \$31,649,870. Stocks and bonds on which income taxes were not paid totaled \$225,000; solvent credits, \$300,000, and cash, \$5,000, for a grand total of \$93,642,500.

Parkman's Brother Succumbs to Injury

SAN MATEO, July 6.—San Harry L. Parkman made plans today to attend funeral services in San Jose tomorrow for his brother, George W. Parkman, 73, who died in a San Francisco hospital yesterday afternoon of injuries received a week ago in a fall.

Mr. Parkman was the brother-in-law of Coroner C. C. Spaulding of Santa Clara county. A native Californian, Mr. Parkman as a violinist had appeared in concerts and had taught. For many years he operated a music store in Watsonville, but for the past 10 years had lived in Sunnyvale with his sister and Coroner Spaulding.

Legal Secretary Group Formation Considered Here

Believing that there is a need for an organization particularly of interest to themselves and their employers, legal secretaries in San Mateo county are reported planning to form an association of women employed in law offices and other phases of legal work, sponsored by the California Federation of Legal Secretaries.

The San Francisco Legal Secretaries' Association has recently completed its organization and received its charter from the federation, and the formation of a legal secretaries' association to embrace all of Alameda county is now under way. Southern California already has associations at Los Angeles, San Diego, Long Beach and Pasadena.

Aims and purposes, to quote from the standard constitution, are "to unite in one local organization, persons engaged in or interested in any phase of legal work; to establish good fellowship among the members; to stimulate a high order of business and professional attainment; to further our knowledge of the law, and to uphold its honor and dignity; to further our knowledge of educational and public affairs; to create a high standard of ethics among our members; to further the interests of legal secretaries throughout the State of California by co-operation with the California Federation of Legal Secretaries."

Interested in the formation of the local association may communicate with Mrs. Alice Odell, 312 Loew's Warfield Building, San Francisco, president of the San Francisco Association, who has been named organizing representative for the northern district of California.

CANTOR PINCHIK TO APPEAR

SAN FRANCISCO, July 6.—Cantor Pierre Pinchik, famous Russian cantor, will make his first appearance in the West when he will chant the traditional prayers at Congregation Beth Shalom, Fourteenth avenue and Clement street, on Friday evening, July 17, and conduct services the following morning at the synagogue.

NOTICE OF TRUSTEES' SALE

On Tuesday, the 21st day of July, 1936, at 10:00 o'clock A. M., at the front door of the County Court House in Redwood City, San Mateo County, California, ASA E. HULL and C. M. DOXSEE, trustees, said C. M. Doxsee having been substituted as trustee in the place of H. W. Schaberg, deceased, will sell at public auction to the highest bidder for cash in lawful money of the United States the following described real property situated in the County of San Mateo, State of California, and known and described as follows, to-wit:

Lots 3 and 5 in Block 4 as designated on the map entitled "Map of Resubdivision of Dingle Park," which map was filed in the office of the recorder of the County of San Mateo, State of California, on July 8, 1908, in Liber 6 of Maps at pages 25 and 26, and EXCEPTING THEREFROM AND THEREOUT so much thereof as was conveyed by C. H. Holt et ux to William Hohn et ux by Deed recorded April 29, 1926, in Liber 218 of Official Records at page 377, which excepted portion is particularly described as:

COMMENCING at the most northerly corner of Lot 3 in Block 4 above referred to; thence from said corner along the northerly line of said Lot 3, 5.67 feet to a point in said line; thence leaving said line crossing and subdividing aforesaid Lot 3 and parallel with the northwesterly line of aforesaid Lot 3 southwesterly 192.82 feet to the southwesterly line of aforesaid Lot 3; thence along said southwesterly line northwesterly 5.67 feet to the most westerly corner of aforesaid Lot 3; thence along the northwesterly line of said Lot 3 northeasterly 192.86 feet to the point of commencement.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by C. H. Holt and MADGE HOLT, his wife, as trustees, to ASA E. HULL and H. W. SCHABERG, as trustees for San Mateo County Building and Loan Association, a corporation, as beneficiary, dated October 16th, 1930, and recorded in Volume 492 of Official Records, at page 398, San Mateo County Records; that trustees have made default in the payment of principal and interest on said deed of trust and the promissory note secured thereby and in the payment of taxes on said real property, which default still continues.

Notice of breach of said obligation and election to sell said real property was recorded on January 10th, 1936, in Volume 679 of Official Records, page 200, said San Mateo County Records, and more than three months from the date of the recording of said notice of default and breach and election to sell have elapsed.

This notice is given in compliance with the demand heretofore made on said trustees by San Mateo County Building and Loan Association, a corporation.

EDDY BLAMES COUNTY BOARD IN WAGE ROW

Supervisors' Failure To Meet Conditions Blamed for Loss

On the shoulders of the board of supervisors was placed the asserted blame today for WPA laborers in this county failing to receive union wage scales.

William O. Eddy, district director with offices in San Jose, told the board in answer to its request that the federal government pay some \$5600 in back wages to the workers in order to give them prevailing wages from May 4, that had the supervisors fulfilled conditions as outlined by the WPA laborers here would have had the higher scale instead of the security wages.

"When the federal government put out a ruling regarding the adoption of the prevailing wage scale," Eddy wrote the board in a letter received today, "all sponsors were contacted and informed of the conditions under which this adoption was possible. According to our records, these conditions were never fulfilled by your county board of supervisors, and therefore the district director never made application to the state ad-

S. C. County Auditor, Veteran Official, Dies

SAN JOSE, July 6.—A six months' illness ended in death early yesterday for County Auditor Arthur E. Langford, 58, a public official of Santa Clara county for many years. Langford, whose death was from a coronary disease of the heart, once served six years as deputy sheriff under his father, Robert J. Langford, and 12 years as sheriff before becoming auditor 10 years ago. Funeral services will be held tomorrow under direction of the San Jose Undertaking Company.

ministrator for granting this scale in your county.

"These conditions were that we should be given a copy of the resolution by your board of supervisors adopting this scale, and furthermore, a statement from the board in which they guaranteed as sponsors to make up the difference if necessary for the completion of the project if the allotted government funds for labor were insufficient because of the increased scale. Upon receipt of the above documents, the district director should apply to the state administrator requesting the change of wage scale, which could not go into effect until granted by him. "In the absence of the necessary documents and without fulfilling of the conditions imposed by the federal government, we do not see how it is possible to grant your request."
